

Model

Create a report or notebook to reflect on your learnings during the Model stage.

You can decide whether you would like to write the report in German or in English.

In the report, please address the following topics:

1. Describe your modeling approach.

Expected length of this part: ½ A4 page

2. How would you increase trust of your customers/colleagues in your modeling approach by using data visualization?

Expected length of this part: ½ to 1 A4 page.
